WORK EXPERIENCE

Safety Manager

Coffeyville Resources

2023 - current / Warrensburg, MO

- Held 14 safety audits annually, **achieving a 97% compliance rate** with industry and OSHA regulations.
- Introduced SAP EHS to speed up incident reporting, allowing assistant drillers to inform managers about workplace accidents 16 minutes quicker on average.
- Created a Slack channel for real-time safety updates, shortening response times during emergencies by 21 minutes.
- Implemented a near-miss reporting program to develop better safety plans, capturing 64 incidents in one quarter.

EHS Compliance Specialist

Hunter Engineering

2020 - 2023 / Warrensburg, MO

- Used Trello to manage EHS projects, achieving 91% on-time completion of compliance reviews.
- Leveraged Microsoft Excel for detailed risk assessments, identifying and fixing non-compliant workplace practices, **saving the company \$39,281 in potential fines**.
- Designed efficient and spacious escape routes with AutoCAD, reducing evacuation times by 17 minutes during drills.
- Enforced workplace practices from OSHA Training Management Software, lowering violations by 11%.

Health and Safety Officer

Johnson County, MO

2017 - 2020 / Warrensburg, MO

- Developed interactive dashboards with Tableau to track safety performance metrics, incorporating hazard identification training which led to an **8% rise in annual audit pass rates**.
- Discovered high-risk areas using data trends in Power BI, helping the county repair 16 accident-prone zones.
- Standardized safety documentation on Google Workspace, ensuring consistency across 5+ government departments.
- Hosted monthly Zoom webinars on safety law updates, growing compliance understanding among 134 workers.
